

## DEPARTMENT OF ENVIRONMENTAL QUALITY

KATHLEEN BABINEAUX BLANCO

**GOVERNOR**

MIKE D. McDANIEL, Ph.D.

**SECRETARY**

For Immediate Release:  
Feb. 15, 2006

Contact: Jean Kelly  
225-219-3966

### **MEDIA ADVISORY**

**What:** Landfill Gas-to-Energy Project Event and Demonstration

**When:** Thursday, Feb. 16  
9:30 a.m. to 12:30 a.m.  
10:00 a.m. – press conference  
Tour of the landfill and plant immediately following

**Who:** Mike McDaniel - Secretary, Louisiana Department of Environmental Quality  
Larry Starfield - Deputy Regional Administrator, EPA Region 6  
David Lilley - President and CEO, Cytec  
Larry Gilbert – President, Renovar Energy  
Aaron Broussard - President, Jefferson Parish

**Where:** Cytec Fortier Manufacturing Complex  
10800 River Road  
Waggaman, Louisiana

**Why:** Cytec Industries chemical manufacturing facility in Waggaman will provide a demonstration of new technological process. The facility will begin using methane gas generated from waste at the Jefferson Parish Landfill to provide energy to its Sulfuric Acid Regen plant. This process has many environmental benefits and is a renewable energy source. This landfill gas project is the third of its kind in Louisiana. The other two projects are located at landfills in Baton Rouge and Shreveport. Renovar Energy, of Midland, Texas, designed all three projects in Louisiana.
